### **PAGE CHARGES**

The Eastern Section of the Seismological Society of America requests that institutions supporting research share in the cost of publicizing the results of that research. The Editor has the discretion of waiving page charges for authors who do not have institutional support. The Eastern Section charges \$25/per page for publishing in SRL.

### **COLOR CHARGES**

**Color options:** Color figures in SRL must be published in color in both the printed journal as well as in the online journal. Because the printed SRL is the journal of record, authors have no option to publish an article with figures in black and white in print but with the same figures in color online. Authors will be charged for color according to the following rate: \$1,205 for the first page, \$755 for the second page, and \$245 for each page thereafter. Articles may be submitted with some color and some black and white figures. Figures that are to be published in color must be submitted in color; figures that are to be published in black and white must be submitted in black and white. Color figures must be submitted before the paper is accepted for publication. Art guidelines are at <http://www.seismosoc.org/publications/srl/srl-contrib.php>

Check on of the options below:

Option 1. \_\_\_\_\_ I wish to publish color figures and agree to pay the color charges.

Option 2. \_\_\_\_\_ I wish to publish black and white figures only.
